

ACCOMMODATION AND FACILITIES

The type of accommodation I prefer is:

- ☐ Single at Flinders University: \$96.
- ☐ Family at a nearby Hotel.
- ☐ NONE

Single accommodation fee includes all meals and functions. A levy of \$3.00 will be made on non-residents for facilities. Accommodation prior to Monday 3rd and after Thursday 6th will be available on request.

Flinders University sport facilities and on-campus bar are available to all attendees.

FIELD TRIPS

The trips I am interested in I have circled from those listed below.

PRE-CONFERENCE TRIPS

Naracoorte, Mt. Gambier, Nullarbor and Yorke Peninsula.

POST-CONFERENCE TRIPS

Naracoorte, Mt. Gambier, Nullarbor, Yorke Peninsula, Eyre Peninsula, the Flinders Ranges and Kangaroo Island. (Kangaroo Island trip limited to 40 persons and 10 cars, bookings for this trip close on 1st October, 1982 or earlier if filled)

REGISTRATION

Registration will start at 9.00 a.m. on Monday 3rd January, 1983.

I intend to register as:

- ☐ Single \$35 ☐ Double \$53 ☐ Family
- ☐ Non-attending caver

Pre-payment of \$17 per person, payable to SPELEOVISION, entitles attending cavers to free Proceedings if received prior to 1st December, 1982.

AUSTRALIAN  
SPELEOLOGICAL FEDERATION  
14th BIENNIAL CONFERENCE

NOTICE, CALL FOR PAPERS AND  
EARLY REGISTRATION

at

Flinders University  
Sturt Road, Bedford Park, S.A.  
3 - 7 January, 1983

Ansett.

INTRODUCTION

The Australian Speleological Federation will hold its fourteenth biennial conference at Flinders University in Adelaide from January 3 to 7, 1983.

From its inception, the A.S.F. has played a key role in co-ordinating the transfer of speleological knowledge between, and maintaining a code of ethics for, Australian cavers. The biennial conference is the main event where cavers from Australia can meet in person, exchange views and explore unfamiliar caves.

OBJECTIVES

The main objective of the Conference is to promote discussion and interchange of ideas on all aspects of caving and speleology. This will help to spread safe easy caving practices, preserve and conserve our caves and appreciation of the complexity of karst with its peculiarity of a high integration of specialized studies.

Papers are called for in categories given below, and the accompanying notes are intended as a guide.

VISUAL ASPECTS OF CAVE RECORDING AND DISPLAY

This will cover all aspects of cave recording. Topics include photography in 2D and 3D by stills, movie and T.V.; trends in cave mapping with alternative methods of depicting caves; holograms; and the use of visual data retrieval aids.

Application in surveying, scientific recording and navigation are possible.

THE FUTURE OF AUSTRALIAN CAVES AND CAVING

A vital issue for conservationists who are trying to protect the caves and the cavers who are trying to use them. So far the conferences have been used by people as a means of emphasising the need for cave protection.

Persons interested in the physical pleasure of caving need to come forward and balance the conference content instead of just objecting verbally or ignoring the plight of our caves.

Institutionalised cave management is increasing throughout Australia. Indeed the A.S.F. plays a major role in co-ordinating the exchange of management ideas between government bodies. Your constructive suggestions on achieving a working relationship between cavers, speleologists and government could alter your future weekend activity.

Other pertinent issues include how advances in technology affect speleology and the population pressure on caves.

OTHER ACTIVITIES IN CAVES, CAVING AND KARST

This includes anything not on the Conference themes - caves, techniques, equipment, speleological topics and all those good ideas you have that others should know about.

CONTRIBUTIONS

Papers are expected to be presented in 10 - 20 minutes, with 5 - 10 minutes for discussion. The Conference Proceedings will include the full text of a paper but the presentation should only include the essence or highlights of the full text. Guidelines for authors are available on request.

Other presentations, such as new equipment or techniques will enter the Proceedings as either a written paper or from notes and diagrams made during the session.

The Proceedings of the Conference should be available by June, 1983 and will include all papers received by 1st March, 1983. Papers submitted after that date will probably be omitted except as an abstract. Pre-publication cost of Proceedings is \$11.00.

TRAVEL

Ansett Airlines of Australia have been appointed the official carrier to SPELEOVISION

To receive group travel discount see contact list.

The Conference will be held at Flinders University, Sturt Road, Bedford Park, South Australia.

FUNCTIONS

ICEBREAKER BARBEQUE  
Sunday, 2nd January - to get to know others before the start of sessions.  
\$6.00 non-residents

CAVEMANS DINNER  
A food filled fun function evening.  
\$10.00 non-residents

SPELEO-SPORTS  
An afternoon of games to test your caving skill.  
FREE!

DAY TRIPS  
To the local sights and beaches.

EVENING TRIPS  
To see the lights and the local caves.

A.S.F. COMMITTEE MEETING  
See them in action deciding your future by spending your money!

NOTIFICATION OF INTEREST

Persons returning this form will ensure that they receive further SPELEOVISION information.

INTENDING PARTICIPANTS

Name \_\_\_\_\_

Society \_\_\_\_\_

Postal Address \_\_\_\_\_

\_\_\_\_\_ Postcode \_\_\_\_\_

Phone (H) \_\_\_\_\_ (W) \_\_\_\_\_

My attendance at the Conference is:

Definite ☐ Probable ☐ Possible ☐

If I am unable to attend,

I am ☐ /am not ☐ interested in registering as a non-attending caver and receiving the Proceedings, Field notes and circulars.

INTENDING CONTRIBUTORS

I am interested in presenting paper(s) at the Conference.

Expected subjects are \_\_\_\_\_

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Note that abstracts are required by 1st November, 1982 and final drafts by 28th February, 1983.

Signed \_\_\_\_\_

Date \_\_\_\_\_
