

## **THANKS & ACKNOWLEDGEMENTS**

A task such as producing these proceedings is a slow, tedious one. I thank all the CEGSA Members who contributed for their help but especially John Ellis for the audio-taping and Jan Peterson for the typing and artwork.

The main editing and tape translation help came from Bill Parker, George Parker, Bernie Magraith, Stan and Kathy Flavel, Peter Horne, Shane LePlastier and Max Meth. Also thanks to Kevin Mott for drafting up some diagrams and maps to accompany the tape transcripts.

I would also like to thank Genna Pilkington for putting up with the constant invasion of her home by hordes of CEGSA Members and then having to supply refreshments.
