SYDNEY UNIVERSITY.

VOL. 1, NO. 4.

Price: Sixpence.

JUNE, 1961.

EDITORIAL.

SUSS Productions has developed into a 'problem child' in the last couple of months. Peter and Gail Knowland who have Managed the concern for some time now have handed in their resignation. While we thank them for their fine effort in the past, we also express our regrets that they can't continue their good work. At the last General Meeting (15th June) an S.O.S. was put out for a new Manager, Manageress, or both. There were several offers of assistance on the bulk side of the business, ie., storing the colour slides and receiving and dispatching orders but there is still a vacancy for "the brains of the business" to control finances, reprinting, and sales representing etc. Any takers? Peter and Gail are willing to do all they can to help until such a time when the new Manager feels confident of completely taking the strings. If you are interested, contact any member of the Committee, as soon as possible. The Matter is Urgent.

The usual S.U.S.S. demonstration posters, slide shows, stuffed bats, and ladders, etc., were on display at the Sydney University Settlement Fete and due to the good work of John Sutton, John Dale, Yvonne Harmon, and other helpers at the Fete, the Society succeeded in raising £7.0.0. towards the cause.

YEAR BOOK.

Please include the following in the Members List:-

Chris Court - XM 7322 (Home), MW 0522 Ext. 362 (Work)

Robyn and Diana Murphy - JA7848.

Glen Chandler (Glens surname was published as Chamdler accidentally.

Tom Landecker - Flat 5/¹⁵ Billyard Avenue, Elizabeth Bay.

S.U.S.S.

COMING TRIPS AND EVENTS.

- 6th July. - S.U.S.S. DINNER. Starts at 6.45 p.m. Pfahlert's. An excellent menu and a memorable evening is promised by the organisers. Unlike the 1960 Dinner it will be a sit-down type and the alcohol is included in the price of the ticket. Dress: respectable. Tickets: £1 per Head. The usual S.U.S.S. Dancing Girls will probably feature in the evening's entertainment. Pfahlert's Hotel is situated in Margaret Street, Sydney, opposite Wynard Park. All moneys should be in no later than 3rd July. Tickets obtainable from Kel Stillman (XB1761), or Elizabeth deBurgh (JJ2531) and Botany Lawn.
- 25th July. - General Meeting. Tuesday night. New Geography Building, 3rd Year Lab., Sydney University. Begins at 7.30. More movie films, colour slides and supper, etc.
-
- 1-2 July. - BUNGONIA. Further exploration in B31 and the Fossil Cave. Ring John Pyke XU2807.
- 8-9 July. - WOMBEYAN. General Exploration and batting. Transport needed. Barbara Dew LU5890.
- 25-26 July. JENOLAN. Further Exploration in the Northern River Extension and the Great North Cavern of the Central Level Mammoth Cave. David Anderson XF3157.

PAST TRIPS.

- JENOLAN 20-21st May. Jenny Tomlinson. A large party entered the Central Level Mammoth Cave on the Saturday and Lower Level Mammoth Cave on Sunday.
(Continued p. 3)

WILL IT RUN ON CARRIDE?

(The above is a reprint from the current N.S.S. NEWS.).

JENOLAN

(Continued) The large size of the party and the number of novices present on the trip prevented any original exploration being carried out as movement through the cave was slow. The trip was useful for instructional purposes as some eight people were introduced to the Mammoth Cave.

JENOLAN.

Teddy Anderson. May 27-31st. A large scale mapping project was undertaken in the Central Level-Mammoth Cave. A Grade 4 map is in the process of being drawn.

MOUNT FAIRY.

29-5-61 - 3-6-61. John Lotz, Henry Shannon and Hugh Minter. Mt. Fairy and ten other caves were entered to ascertain possibilities but were not thoroughly explored. The trip was more concerned with surface exploration. This was done quite

- Mt. FAIRY. (Continued) thoroughly at Mt. Fairy quarry outcrop, Birkenbure Sinks, Mulloon Creek (main outcrop) between Mulloon Creek and Birkenbure, Tarago and Lake Bathurst, less thoroughly on the main cave outcrop, Mt. Fairy. Bungendore Braidwood road, and from a distance at South Mulloon Creek.
- (A twelve page full report on this trip has been presented by Henry Shannon to the Society and this can be consulted in the File of Trip Reports in the Library.)
- YARRANGOBILLY. 10-11-12 June. Brenda Mac ara. General exploration was carried out in the East Deep Creek and Eagle's Nest Systems.

OF SPECIAL INTEREST FROM THE LIBRARY.

"Missouri Speleology" Volume III, Number 1. This contains an elaborate account of the construction and design of a rangefinder suitable for cave mapping.
