## PORT HACKING PENGUINS

C/- 20 Robinson Street, Cronulla.  
523-2995.

Boy, has this been quite a month! Only one competition and this, of all things, had to be at Palm Beach. Visibility varied from 25 to 40 ft. While poor visibility prevailed north, crews fishing south found clear water and good fishing. Greg Mokey fished hard and landed a large luderick. This looks like a big fish trophy for him (that is, of course, if Les doesn't catch a bigger one). A few members found themselves stranded at Palm Beach when their gearbox packed up. They finally managed to crash it into 2nd gear and make their way home.

A barbecue was held at the home of Mr. and Mrs. Page. By the end of the evening Greg Mokey, our chief cook, ended up with blood-shot eyes. Poor Greg. He did a very good job running some of the games as well. A very large roll-up was recorded and the club even showed a profit. We wish to thank Mr. and Mrs. Page and all those responsible for this great night out.

The U.S.F.A. Christmas Picnic held at Bronte Beach was a roaring success (but the wind was roaring even harder). Captain "Fleetfoot" Bridges won his race. It's a shame he's not a bit faster on the trigger. We thought we had the tug-o-war won until Sans Souci came on the scene, but with all those big (bellied) blokes it's no wonder they won. As for "Eleven Legs" Collins he could have had both feet in one flipper and still beaten everybody else. Well, Sans Souci taught us to win on the land so now we will show them how to win in the sea.

Scoop. The U.S.F.A. of Australia is to affiliate with the Australian Wild Life Preservation Society. In case any of you are wondering, this will not affect the "WILD LIFE in the U.S.F.A."

Still waiting for Rod's 21st party—had to be postponed a few weeks. It is said he was last seen wearing a dark wet suit (with flippers to match) and was heading towards the U.S. on a very seaworthy vessel called the "Bo-Bo".

Our last club meeting was cut short so as to have a lecture on sharks. This was presented by Mr. Peter Goadby and associates and turned out to be a very entertaining evening. We wish to thank those gentlemen for coming along and hope to see a lot more of them.

On the following Friday night a lecture was given (and films were shown) to the Cronulla Sea Scouts — which they very much enjoyed. It even looks as though we may have a

few new members from this group. Lilian Brookhouse, our future lady champion, is going to Lord Howe Island for a few months on a working holiday. (From what I heard it will be more "working" than "holiday".)

The Australian Championships at Maroochydore, Queensland, should see a few penguins pottering in the pools. Even Neville Holland will venture out from under the protection of his TV and have a lash at it.

As this is the last magazine for the year I would like to take the opportunity, on behalf of the club, to wish all other clubs (including Sans Souci) a Merry Christmas and a Happy New Year.

During November I went along with Joan and Peter to see the "Shark Fighters". Not too bad considering it was made on a low budget.

We still don't know who John's stand-in was?

Received a letter of complaint about our remarks on the "Ovaltine Kid" . . . we apologise, Mrs. Harding.

During the next two to three months members of S.P.D. will engage in unusual activities which will place us in the fore again. One of these is the exploration of an underground river.

Theatre Party arranged by Joan Riley to see "The Magnificent Men In Their Flying Machines".

Latest to be bitten by the Bat Bug are Dennis and Sylvia.

Merry Christmas and a Happy New Year.

John Allen.
