

SOUTH PACIFIC DIVERS CLUB

Lion Fish of the Great Barrier Reef

W E T R A G
J U L Y 1 9 9 4

PRESIDENT's MESSAGE

Another good meeting last month with 42 members and friends attending. Unfortunately we did run a little longer than expected, but with so many members paying for presentation night tickets, Cousteau night tickets, buying the T-shirts and raffle tickets, the break ran longer than normal.

Congratulations to all winners in the raffle with 3 couples receiving dinners for 2 and a bottle of wine, winning a dive on Sea Tamer II (thanks Max) and winning 2 free air fills from Shiprock Dive (thanks to the Hilliers).

The large range of dry suits and underwear available on the market was certainly driven home to us by High Tech Divers, thanks Tracy and Richard.

The judging of the Australasian Photo Comp was completed in late June at Corporate Theatre. It went extremely well without a hitch, so one last special thanks to Leo and Terese Mayer and all concerned. The Presentation Night tickets will be available at our July Club meeting and distribution to selected dive shops should be underway also by then.

Speaking of the night, Australia's representative to New Zealand's Dive Log, Asian Diver and Dive Training USA, David Strike was approached to be our M.C. for the night. He was delighted to accept. David's diving experience goes back to the very early sixties when he was a "R.N." diver and commercial diver on the North Sea oil rigs. He came to Australia in May 1973 and started instructing in 1974. He still retains his pommy sense of humour and I am sure he will delight the crowd on the night. David has also become a S-P-D-C member !

I know it sounds like a broken record, but I would like to impress upon everybody that the A.G.M. is coming up in September and I hope we have plenty of nominations for Committee positions. All positions are declared vacant, some of our existing Committee may re-stand, and some may not. Regardless of who stands, the most important thing is to have a good, strong, honest, hard working Committee to ensure the ongoing success of South Pacific Divers Club.

See you all soon.

Regards, LEO B.

PHOTOGRAPHIC OFFICER's MESSAGE

Well it's been a very busy and exciting month, with the Australasian Photo Competition closing on 10 June and then the judging of the slides and videos over the weekend of 25/26 June.

I really believe the quality of underwater photography just improves with each year and the Presentation Night in September looks set to be very exciting and not to be missed.

Several club members have entered this year's competition, including Brent Hedges, Bob Mansfield, David Bryant (in the Open), Brian Colwell, Merridy Cairn-Duff, Joe Ingegneri (Novice), Margaret Proven, Lyn Vincent, John Szwecow (Individual) and John Fardoulis (Video).

Don't forget if you have already purchased your tickets to the Presentation Night, you can pick them up at the next Club night. Those members who were quick enough to buy them before 30 June will now have 2 chances in the draw for the Heron Island Dive Festival prize. If you haven't bought your tickets yet, Joe has booked at least 40-50 for club members use.

Good news on promotion of the competition: Besides Barry Andrewartha's Dive Log and Sportdiving Magazines as our media sponsor, it looks like there will be an article in the Herald's Good Weekend and either a Qantas or Air New Zealand in-flight magazine both before the Presentation Night. This could be a great way to interest all those non divers out there who may come along to the Presentation Night and enjoy the quality of photography on offer !

Regards, Leo Mayer.

Night to Remember for Sydney Divers

And you can place you name
or purchase your ticket from
the Committee at the next
Club meeting.

ONLY
\$10 **PER**
TICKET

***"Because Diving was meant to
be fun, not expensive!"***

SYDNEY Divers are in for a treat later this year when a group of Dive Industry members sponsor "A Night to Remember" with special guest Jean-Michel Cousteau plus Australia's Ron & Val Taylor, Rodney Fox and Reg Lipson.

Jean-Michel Cousteau is one of the world's most important and best known marine environmentalists and film makers with a life-time devoted to Ocean Exploration. Jean-Michel served executive producer for the film "Jacques Cousteau: The 1st 75-years", the Peabody award-winning series, "Cousteau's Amazon" and the Emmy award-winning "Cousteau/Mississippi". He is also Executive Producer

and Producer of the current TV series, "Cousteau's Re-discovery of the World."

The Sydney Night to Remember will be held at the prestigious Darling Harbour Convention Centre Auditorium in the heart of the city. Make sure you mark Friday evening, November the 11th, 1994 at 8.00pm into your diary now — this is one "Night to Remember" you won't want to miss. Seats will be limited so don't leave it too long to book your seats.

A WEEKEND OF 4-WHEEL-DRIVING / CAMPING /

CAVING / ABSEILING / BUSH WALKING

10 - 12 SEPTEMBER, 1994

WEE JASPER

With Peter Booth (PH: 529 3818)

You may ask where in what's name is Wee Jasper ?

If you travel 297 km. south-west of Sydney along the Hume Highway you will run into a little old town that looks like an overgrown truck stop, or commonly referred to as Yass. There you turn left and weave out 53 km. to an old wooden bridge and once safely across, stop. If you didn't stop and everyone blinked at the same time you would probably have missed Wee Jasper.

Wee Jasper is a thriving metropolis, population 50 give or take a few hundred, depending on weather. If you want to stretch your legs and walk the town you will notice the assortment of shops comprising of a general store, bottle shop and the craft shop. Two of which are joined, guess which ones ?

Once you have seen the town and the local political buildings such as the school on the right and the community hall on the left, turn left at the end of the main street T-intersection and follow the road out to a little ford. Once across the ford you come to another T-intersection, this time turn left and keep turning until you see a yellow cattle grid gate in front and straighten up. Try and drive through without ruining the gate or yourself, as most people try this unwillingly at high speed. If you made it through successfully you are now a S-P-D rally driver !

Just follow the trail for a little while and you will see some willow trees and a toilet block down on the banks of the G..... river. Hopefully I will be there depending on the time.

Over the weekend I hope you will enjoy the opportunity to experience abseiling, caving and bush walking. Wee Jasper has lots of wide open space to let the family and ring ins run off their energy. If you would like to just escape and relax I think it is possible. The what's its name river has a reputation for sizeable trout. If you are a mug fisherman like Rex Hunt and myself, then I will pick up and deliver any type of fish for you. Kingy is usually a good traveller. I will even put it on the hook and throw it, if you want the thrill of landing a big one (no spearguns).

The equipment you need to supply is your own tent or camper, preferably one that fits your family. Not a circus tent. Wee Jasper is usually starting to warm up at this time of year and a sleeping bag rated minus 20 degrees will be sufficient. Electric blankets are a good idea but you will need a 240 volt tree adaptor. A pair of overalls would be handy and if you have a torch capable of working 4 hours non stop then bring it too. Throw in a spare globe, batteries and cylum stick just to look professional. If you have a hard hat - bring it. Saves denting the formations.

Cooking will be done on the Club Bar-B-Q, but if you would like to cook on the open fire then by all means bring your gear (but don't forget to bring dry firewood). We expect a minimum standard of chocolate cake cooked in the camp oven. If its not quite to standard don't expect us to wash the dishes. There will be 2 gas lamps around. If anyone needs the use of the club esky we can arrange one or two. I think showers can be bought at the caravan park if it is still there.

You should fill your car at the Ampol just before Yass. This will probably see you back out to Yass, depending on your rally technique. The only other expenses you could entail is camping fees, if the warden manages to strike us in the camp. I'm not quite sure how much, but they do charge per tent. He used to curse us because we only had one tent with 30 people in it and all we paid was \$6 a weekend. A donation of \$15 towards wear and tear of abseiling gear is expected by each adult. We have to borrow some gear from my old venturer unit and ropes are expensive, they do wear out.

Keep an eye out on Friday night for wildlife, I have had many spectacular moments with animals dancing and running around in the head lights. They will do anything to become a star.

Looking forward to seeing you and showing you a beautiful little spot tucked away in the back of nowhere. Don't worry if you haven't got a 4 wheel drive because there isn't a lot of 4 wheel driving at Wee Jasper, due to the fact most of it is private land. So I don't expect we will do any 4 wheel driving. In other words, bring the family transporter. If you haven't got any camping gear, I think you can hire the shearers quarters at Wee Jasper Station or we may be able to borrow some.

If you're planning to come, give myself (Peter Booth (ph: 529 3818) or Suzanne Evans (ph: 891 1964 a/h) a call so I can arrange equipment.
