EDITORIAL

With the beginning of the New Year our web page will be up and running. At the moment there are seven pages (7) covering a little of the club's early history, a page with information about the Australian Underwater Photographer of the Year, and the George Roberts Trophy, another on club dive outings throughout the year 2001, then we have a page on the profile of club members, this will change every two or three months to other members, another page is called Photo Gallery, this one has a number of photos taken by various club members and is the page I predict will become popular. Membership is now approaching 90 but at each monthly meeting there is about one third attendance, and it is the same old faces every time. So for that new years resolution attend meetings more often and take part in the every day running and decision making.

PRESIDENTS MESSAGE

A Happy New Year to you all. The club over the last year has improved out of sight with monthly meetings where we have slide shows at nearly every meeting as well as one or two guest speakers. With the coming year we have three guest speakers and a number of slide presentations for the first half of 2001. Our annual club party was a great success with many members attending the "shin dig" at my place in the sticks. A great time was had by all. The committee has achieved most of its planned commitments for the year 2000 but there is still one or two matters to deal with. At the next meeting (January) we will notify members as to the proposed sale of three pieces of equipment that are gathering dust for the lack of use. Our new web site will be up and running early in the New Year, I have viewed the web pages and they look good to me. If any member has something to add to our site please notify Tom. Once again a happy New Year to you all.

Bernie Kauri

PHOTOGRAPHIC OFFICERS REPORT

**No report this month.
The lucky bugger is on a diving trip to the Maldives.**

A SLICE OF HISTORY

1961

The only death so far in Australia from an exploding cylinder was on New Years Eve. Trevor Davies died in the explosion.

Foam rubber suits (neoprene) appeared on the market for the first time.

Retail dive shops opened in cities and suburbs throughout Australia specializing in spearfishing and scuba diving equipment.

A white pointer shark attacked Brian Rogers, South Australian spearfishing champion. Seized on the leg and hip and shaken with tremendous force, he survived the attack.

Wally Reynolds set a new deep diving record on March 12: He dived to a depth of 327 feet on compressed air.

Greenberg School of Scuba and Skin Diving was one of the first scuba schools in Sydney to open.

Mick Potter was the first scuba diver to discover the sink hole of Piccaninny Ponds.

There are twenty three air filling stations in New South Wales, three in the Northern Territory, one in Tasmania, three in Queensland, three in South Australia and fifteen in Victoria. No record is kept in Western Australia or the Australian Capital Territory.

MINUTES OF LAST MEETING 18 December 2000

SOUTH PACIFIC DIVERS -MEETING MINUTES

Apologies: Bernie & Evelyn, Lin & Loi will be late, Martin & Ilona.

Incoming Correspondence:

Dan Alert SEAP Promotional brochure (non profit safety assoc.) bank statement, URG bulletin, One Tel bill, Lonely Planet newsletter, Jervis Bay newsletter, Waves news sheet and 20 dragon search research forms. Letter from Suzanne Evans re still no action. Tatra Press invoice re newsletter printing.

Website - Tom advises it is almost completed. Needs \$195.00 Netspace - 20 hours per month x 12 months. 8 pages - competitions, club activities, dives, application form. Needs underwater photo's to display. Will do a profile of members and committee.

Suzanne Evans - 2 years ago won a cave diving course - She is still trying to sort out her prize. Glen thought it had already been settled (verbally) as he gave her Andrew Robertson details after it was established that he was running a course in February, 2001. Tom suggested the committee speak with Andrew Robertson and get from him written confirmation that the course is on and she can attend etc, then we can send her a letter outlining all the details in writing and settle it that way and in writing.

Organize.

Grey advises people are already requesting information for the comp. Doesn't open till January. Asian Diver will put in comp details in their editorial section.

He is still looking for cheap colour photocopies A3 size to put up in all dive shops.

Dive Log International - full gloss add - 3 place getters will get an article in Dive Log.

Neil Vincent is still to email comp addresses to Grey. (Get off your butt Neil).

George Roberts starts in February -get those slides ready.

Tom asked meeting if there were any objections to lending the magnetometer to Club Sponsors for a week-end. It is not insured. If they loose it they pay for it was the condition. Gordon proposed motion - Glen seconded. Nil members against after some discussion. Equipment officer - all equipment accounted for.

Dives

Phil - Max Western's boat 6 Fathoms, blue water. Could see to the top. Blue water warm.

Noel - Kurnell. Saw a member with twin 85's (shore dive) 24 degrees, clear water, sea horses, juvenile weedy sea dragons, lots nudi's.

Matt - Barrens Hut. Top to bottom viz.

Preparations for Cave Diving Course - Revesby pool then to dive at Mt Gambier to finish course.

Peter Foster - Henrys Head, Malabar.

Peter said - Bob May will have his boat at Jervis Bay over Christmas - willing to take club members - call Peter Foster for his number.

Peter Flockart - Henry's Head - Viz OK 20 degrees at 21 metres, sponges, nudi's - nice dive. Took photo's. leap end of Steps - fierce current - 23 degrees, Tank 80 not quite big enough. Had to surface to swim to the steps. Couple of weedy's with eggs, blue water.

Glen Percy - Philippines. Very surprised. Puerto Galera area very focused on diving. Every hotel owns a dive shop - very interesting place. Lots of odd bod stuff. Different areas different waters and varieties. Turtles, big schools 100's Pacific Jacks, nudi's. Dumaguete - very different again - black sand, volcanic, stargazers. Day trip Apr Island - no anchoring, no gloves- no touch! Most pristine, healthy coral reefs that he's ever seen, No anchor damage. No storm damage.

Aqua Sports planning a trip next year (2001).

General Business

SCANS picnic day - Jervis Bay 23rd March, 2001. Need to know numbers of Club Members attending. They also want to borrow Club's BBQ. Members agreed to book for 20 spaces and accommodation. Duane to email to them. Tom to include in next newsletter.

Peter Flockart has his 2001 Calendars for sale - \$20.00.

Big - Thank You to Bernie and Evelyn for letting us use their place for the Christmas party.

Photographic Officer - advises preparations are all in order at this stage - may need a hand shortly.

Dive Log - include email address in our advertising when its all up and running.

Suggest we invest in a Banner Add \$45.00 in Dive Oz (e-mail)

Members advised New embroidered club shirts in the wind - will sort out early in the new year.

Two Extracts From the Book by Tom Byron

HISTORY OF SPEARFISHING AND SCUBA DIVING IN AUSTRALIA—THE FIRST 80 YEARS 1917 TO 1997

A DEMONSTRATION OF AUSTRALIA'S FIRST HOME MADE REGULATOR - 1951

When Frenchman Michel Calluau immigrated to Australia in the late 1940's, he started work at AWA (Australia) where he met a spearfisherman by the name of Ted Baker. With Michel's good command of English and Ted Baker's minuscule French, they got on quite well.

When he saw Ted's mask and spearguns, Michel revealed that he knew the working principle of a compressed air underwater breathing regulator, that he had learnt from Captain Cousteau before leaving France.

Ted was skeptical, but Michel convinced him that he understood what was required and convinced him that they should each make one. So off they went to a disposal store. There were plenty of pressure regulators, gauges, control fittings and a stack of Aviator's Breathing Oxygen cylinders.

Loaded with a selection of these items and a dozen gas masks (for their corrugated flexible tubes), they paid up and enlisted the aid of George McGann a third member of this experiment, and set to work on building the regulators.

Three of these sets were developed. They did not even have a name, they were called compressed air breathing equipment.

The name 'Aqualung' came later for British equipment and of course SCUBA from the USA. Ted's was ready for its first test, but still without a webbing harness, on Friday, November 30, 1951. Eager to see if it worked, filled his bath to the brim and was just able to submerge with the cylinder tucked under his arm. It did work!

Next morning they took the unit over to Bankstown Baths, but the manager would not let them in to test it, fearing adverse publicity from a drowning. At Enfield pool, the interested manager followed them around watching proceedings.

Michel bravely set up the equipment on George's back, and turned on the pressure. With a three inch hawser fastened around George's waist, Michel played out the rope while Ted lay on the concrete peering into the water through a mask looking for any signs of distress from George.

No sign of trouble, and an excited trio shook hands all round. "What's that thing you had on your face?" asked the pool manager. Ted explained, and said, "here, try it." He put the mask on, looked into the water, and was

amazed. "I have to have one," he said. I can see all the threepences and sixpences on the bottom of the pool."

The upshot of this was an invitation to demonstrate at an upcoming Swimming Carnival.

On this night, with all sets now working, the three intrepidly entered the water at the shallow end of the pool and swam right along the bottom into the sixteen feet deep end and then surfaced at the end wall, to find the audience clapping and cheering at the spectacle.

FIRST SCUBA DIVING CLUB IN AUSTRALIA - 1953

A club is being formed by experienced spearfishermen, divers and underwater photographers, who are eager to create a pool of equipment from which they can draw from to undertake certain underwater projects of photography, salvage, exploration and marine observation and other activities.

Because of the physical and technical hazards, it is essential that the club membership be kept to a small number of divers.

Before entry into the club, the prospective member is given a medical examination and his underwater experience reviewed by a select committee.

Instruction in the use of equipment, and underwater techniques will follow and he will be trained to take part in underwater teams and to plan and carry out projects in a mature and carefully controlled manner. Organizers of the club are, Don Linklater, Wally Gibbins, Dr. Roscoe Fay, Dick Charles, Rod McNeill, and Ron Ware.

The Underwater Explorers Club, is the first of its kind in Australia.

Executive members of the club expect other states to follow their example and form scuba diving clubs for those who are not interested in spearfishing.

The sport of scuba diving is new and exciting and in a short time may have a strong following.

Much can be learnt from exploring the sea with regulators, and high-pressure cylinders strapped to ones back. There's many mysteries of the sea that divers in forth coming years will discover.

For now it is in the best interest of every experienced club member to help those new to skindiving, so they too can enjoy the wonders of life under the sea in a safe and responsible manner.

Photographic Officer:

Grey advises Sponsors all organized for comps. Tom Byron is donating some books. Judges - George Roberts comp Tom and Martin. SPD Photo comp - 10 trips as prizes, dive gear, BC, vouchers for weekends away. Running 1st January to 31st May, 2001. We have to put on a night for the sponsors. Mike Ball, Dave-Sea Optics want to display gear/ trips etc. Advert placed in Dive Log and Sport Diver from January onwards. Will have sponsors logo's on our advertising as well.

Asian Diver wanted \$18,000.00 AUS for an A4 add. Hong Kong on line will put in an add for us. Judges - Tom, Mark Welsh and Garry Bell. We will get some A4 flyers printed for dive shops to display.

Christmas Party - 2nd December, 2000. May need a tent. Bernie to provide ice. Friends welcome.

Dive Reports:

Duane - Rushcutters Bay (cleaning the bottom of a boat) saw lots of big fish. Surprising!

Bernie - Shiprock - Took an Australian visitor and Lo. Good viz. The visitor was surprised at the rock growth. He thought a big cat fish was a 'cat shark'! Apparently they are going to refurbish the walk down to Shiprock - have the money to proceed. **Peter Flockart** w/end in September took his free weekend from George Roberts Comp last year- with Ron Hunter (Foster). Fisherman's Wharf Dive. Good weather. Pinnacles 6' viz, returned on Sunday to 60 metres viz. 15 sharks on bottom, no current. Another group had a party Saturday night and out of 14, only 6 made this great dive. 17-18 degrees. At 30 metres down to 10 degrees. Ron is getting together shark cages for diving.

Peter Lord - Middle Grounds Cronulla with Max Western - good dive.

Rick - Coolidge one week - good wreck, good diving. Wreck is deteriorating - earthquakes in area. Top promenade deck collapsing cannot get to toilet areas. The "Lady" is back onboard, different position. Looks OK on outside.

Noel - Norah Head - Boulders - viz 3-4 metres. Stunning life on Boulders. Depth 16 to 24 metres crevices/ gutters - heaps of sponge life everywhere - didn't know where to look! Too much to see.

Noel - Pinnacles - Saturday Pinnacles 6 meters viz, 5 sharks. Latitude Rock. Barren. Sunday Jimmy's Cave Seal Rocks - great dive 30 mtrs - 50 mtrs is the length of cave. Lots of fish life.

Peter - Kurnell - forgettable dive - cannot remember it!

General Business:

Martin suggested we Email newsletter out - where possible. Website - starting December/early January. Tom creating page. Search engine - \$45.00. Requires member input. Will have SPD logo, outings. Newsletter. Those who want a newsletter Tom will send out, otherwise you can get it yourself off the web. Web will advertise our comps, will contain application form. Affiliation with SCANS, icon to us. Banner Add will take straight to clubs web page world wide \$11.00 per month. Links to Clubs Sponsors off web page, off their logo icons. Grey advises sponsors to drop off brochures. Undersea Explorer. Multitec Torches will attend a meeting and display goods amazing torches \$250-\$300, they do video lights etc. Will bring other brochures start of next year.

Membership Due - January meeting \$30.00 Single. \$40.00 Family.

Membership application forms - Bernie suggested we drop the 5 year membership - where you paid for 4 years and received an extra year free. Too hard to police and if everyone took the 5 year membership there wouldn't be a guaranteed income at the beginning of the year and none at the end of five years.

When the payments are due. Motion put forward by Peter, seconded by Martin. Majority carried. Nil against. Special Thanks to Grey as he printed the newsletter at no cost to SPD.

Martin (and us all) thanked Grey for all his hard work re sponsorship in the upcoming comps.

Newsletter - articles needed.

Peter Flockart has his 2001 Calendars for sale - same format as last year. Excellent value \$20.00

Noel suggested getting brochures off sponsors and put in with newsletter monthly - will also put same on web page.

Noel suggested to make "Night for members only" ie have to be a member to view the night. Bigger event bigger production, bigger show. Smaller, easier to control, simpler. Grey advises we have to look after sponsors. Can get a room for 150 people for \$165.00 or the Auditorium for \$550.00. Cost of showing same to 10 or 800 people. We won't know until we get the entries. Maybe keep entry cheap \$12 or \$15.00 so people won't expect an all out production. Martin advises the SPD night broke the bar taking record at the Revesby Workers Club - we got the hall for free for the first few years. Grey to look into it, see Janice Mackay. More than 20 years patronage at club. Ticket cost?? We have good door prizes - last time \$22.00 per head.

Need colour A4 copies for advertising in dive shops. 200-300 copies - Can anyone help out? cheap? Peter Flockart can do in black and white.

The 3 main club sponsors, Max Western, Aqua Sports and Shiprock Dive Duane suggested we write an article/do an interview with each of them for our newsletter.

Last newsletter covered - Code of conduct scuba diving with grey nurse sharks - At this time is only a proposal. SCAN worried re having an Accredited shark dive leader to take the dives. Diving permit tried at Swansea channel - became too hard to police, had to get a permit off the council.

Ice skating next Friday night at Canterbury.

Raffle

Prizes:	1st prize	Max Western - Boat Dive	Scott McGregor
	2nd prize	Aqua Sports - Wetsuit hanger	Scott McGregor
	3rd prize	Shiprock Dive - Air fills/T Shirt	Peter Lord

Thank you to Grey for an entertaining slide show and Martin's commentary from photo comps gone by.

SCANS WEEKEND AWAY AT JERVIS BAY (MARCH 2001)

Letter from SCANS. South Pacific Divers Club has booked 20 places. **If you are interested in attending this weekend at Jervis Bay please contact Bernie as soon as possible.**

The FABULOUS & FAMOUS SCAN weekend is proposed for the weekend of 23/3/01 Back at Jervis Bay. Out of towners can stay at Huskisson Beach Caravan Park. This is the only weekend left open in that month. So we need to move fast to secure a booking!!! The plan is to book some cabins (Sleep 4 to 5 depending on how friendly some are) plus camping sites.

Les Catterson will be making a booking early next week. So PLEASE Let him know how many spots your club requires ie cabins and camp sites. NB intentions need to be substantiated by deposit money. OK. SO please make the commitment with your club and let's all get down there and have a good one.

Adjacent to the cabins is a gazebo which would be perfect for socializing.

Cheers

John Olsen.

CAVE DIVING SERVICES OBLIGATION (TWO AND A HALF YEARS LATER)

On the 5th of December 2000 the club received a letter, from Suzanne Evans, a former member, regarding "Dragon Search" and about a member of this network giving a talk at a club meeting early in the new year. However, the last paragraph is of interest to South Pacific Divers Club where she states she has yet to receive her award from **Cave Diving Service**, this person it would seem has not fulfilled his obligation to the prize she won more than two and a half years ago at the annual Australian Underwater Photographic Competition, after many repeated phone calls still fails to meet his commitment to the club and Suzanne Evans.

At the last meeting the club decided to talk to Suzanne and try to resolve the matter.

I spoke to Suzanne, Wednesday (20th), and then rang again the following day, leaving a message on her answering machine to phone me back so we could arrange a meeting between her and the club committee. After this meeting I hope the matter will be resolved.

GEORGE ROBERTS MEMORIAL PHOTOGRAPHIC COMPETITION

The club competition is one that all the divers in the club should enter. There will be prizes and certificates for all the monthly winners and the overall winner.

As the competition is handicapped any consistent underwater photographer has an excellent chance of winning.

Remember, the aim of this competition is to upgrade the standard of photography by encouraging the novice photographer and by making the established photographer strive harder. The competition has already proven a success and should encourage all club members to "dabble" in underwater photography.

COMPETITION RULES

The competition will be conducted over three months.

Each month's competition will close at 10.00 p.m. on the night of the Club meeting for that month:

1st FEBRUARY 2nd MARCH 3rd-APRIL

Late entries will be entered into the following month's competition.

The competition is open only to members of South Pacific Divers Club who are currently financial.

February Competition is open only to those people who have not gained 1st 2d or 3rd in any competition with the exception of past George Roberts Novice Sections.

March Competition is open to any person except those people who have won 1st 2nd or 3rd open in past S.P.D. Competitions.

April Competition is open to all members.

Each entry may be up to five slides per month. They will be judged and only the highest scoring slide counted.

There will be a prizewinner each month and a major overall prizewinner.

The winner and entrants each month will receive a score for the place they achieve (different from their slide score). This score is cumulative through the competition. The highest cumulative score at the end of the competition will be declared the overall winner. The scores each month will be:

	1	2	3	4	5	6	7	8	9	10	Placings
February:	6	5	4	3	3	3	3	3	3	3	
March:	5	4	3	2	2	2	2	2	2	2	
April:	15	14	13	10	9	8	7	6	5	4	

The George Roberts Memorial Open Trophy will be presented to the overall winner. The George Roberts Memorial Novice Trophy will be presented to the highest scoring entrant from February and March competition only.

All entries must be transparencies.

All entries must have been taken in New South Wales or its Territories

The entrant must have taken all entries.

Entries may be cropped or masked to achieve desired effects.

Slides may not be manipulated after the development of the original film other than cropping as in Rule 11.

Slides taken in aquariums, bath tubs or similar or on land are not acceptable. All entries will be returned at the following month's meeting.

Results are final and no correspondence will be entered into.

Winners will be announced in May.

The postal address is: South Pacific Divers Club PO Box 823 Bankstown 2200 If you have any queries please e-mail me on gmcneil@bigpond.net.au Or phone on: (02) 9624 5938
