Dear Sir,

The 1975 Sydney Boat Show was a hard act to follow but the team appointed to manage and promote the 1976 Boat Show have come up with a programme that will ensure even greater success this year.

New promotional features have been developed to attract the public and we can confidently expect even greater crowds than last years record breaking result - both in quality and quantity. Look at these features:-

SAIL SYDNEY '76:

Organised by the N.S.W. Yachting Association, Sail Sydney '76 will be a show within a show. Occupying the complete top AMP Pavilion this will be a display of the many Centreboard Sailing classes and associated commercial suppliers of hulls and other equipment.

FISHERMAN'S HALL:

Hawkesbury Pavilion will be a specialised area for the fisherman. Displays by the Game Fishing Association, the National Sports Fishermans Association and other clubs and organisations will form the basis for commercial exhibits of fishing gear, fishing boats and everything applicable for the fishing fraternity.

SAIL LOFT:

Once again Miller and Whitworth will be mounting their highly successful working sail loft in the RAS Lecture Hall. This attraction was packed out at all times last year and is a great crowd puller,

BOATSMANS BAZAAR:

Now a standard area patronised by every visitor to the show this is a complete hall set up with pre-constructed stands designed for the smaller exhibitor who wants a walk-in-walk-out display booth to show his products,

HALL FACILITIES:

After last years successful experiment we will again be providing a high level of hall lighting inclusive in the space rental. You pay only for any additional spotlighting you may require and for any necessary power outlets. Again, too, the aisleways will be carpeted to ensure a very well presented exhibition.

ORDERING:

The policy of the Association, as always, will be to allocate space to exhibitors upon receipt of the enclosed order form with the appropriate deposit, except that we reserve the right to re-allocate space in the interests of a better exhibition.

In summary, we can promise you a bigger brighter better Boat Show than ever and we urge that you move very quickly in securing the space you require. We look forward to seeing you once again in August,

Peter Daniel

Boat Show Manager.
