PHOTOGRAPHIC OFFICERS REPORT

Graham reports DITAA have approached us for the use of our A.V. to use for the DITAA conference at the Gold Coast next year. In return they would supply us with a guest speaker. Rick Swansborough will supply some video footage for next years A.V.

An idea has been put forward by Corporate Theatre to use the Open slides and make a production for promoting their business in return for a minimal charge to put the A.V. together. Entrants would have to be prepared to give permission for use of their slides. This is only a suggestion at present. Much discussion will need to take place before any decision is made.

DIVE REPORTS

Doug & Penny Smith spent one week on Heron Island. They had a really good time. Food unreal. Dived the Gorgonia Wall, Cod Hole and all the spots Heron is renowned for. Mostly drift dives. The kids loved it too they never saw their 'olds' for most of the time because of the excellent child minding facilities on the island.

Sunday the Smith's and the McDermott's dived the Arch at Shellharbour with 40' vis.

Peter Stratford, Rick and Fab dived the Annie Miller. Good vis, warm water. Also dived Bear Island which was a sea of anchor ropes. Brilliant dive.

Neil Vincent dived the Catherthun and Sartara wrecks at Seal
