Dear Member,

Already we are a quarter of the way through the new year, and much has happened.

Meetings - Again several interesting, informative lectures by Mr. J.Mack on Photographic Composition; A.Hill on Guano deposits of South Australia; T.Wigley on Cave Micro Climatology.

Trips - Over Xmas a trip was made to Buchan - known caves were visited, and several new "Pots" were added to V.C.E.S. lists of that region. Many thanks to V.C.E.S. for their hospitality.

Thanks are also due to S.S.S. for the hospitality shown to the party who visited Sydney.

The first official trip of the new year was to Marcollet - this area shows great promise. Two new caves were explored and nine others located.

Social - Both the reunion dinner at Naracoorte and the annual Xmas dinner at Regonis were voted successful - a certain gentleman at the Xmas dinner gave a very fine speech on three glasses of champagne.

Luke Howard is having a "do" at her place - June 21st, 7 p.m. all invited; bring your own food and liquor. Note the address: 19 De Saumarez Street, Kensington Park.

Personal - The engagement was announced at Xmas of June Marlow and Ken Lynn.

An old face appeared in our midst this month - welcome back John David - better luck next trip!!

Library List, issued separately, is a list of all publications held by the Librarian. Do make use of it they are there for your benefit.

Badges and Maps - Metal badges will soon be obtainable from J.Somerton, and cloth badges are still available. Maps can also be bought from Jack.

Members may note that positions on Committee are held as follows:

SEXTON	President
SOMERTON	Vice-President - Maps - Badges
LYNN	Secretary - Federation - Magazine
MARLOW	Trip Secretary - Records - Library
HILL	Quartermaster
LINKE	Treasurer
