

# **SPELEO SPIEL CALENDAR 1989**

244

Ladder pitch from top entrance Kubla-Khan, Mole Creek

This years SPIEL calendar offering is photographic; capturing just some of the goings-on within Tasmanian caving circles over the past year or so. This State is unique in Australia; regularly yielding sizeable discoveries to diving, vertical and even horizontal caving endeavour. The karst is largely unspoilt and much is still unexplored, due both to remoteness and low recreational pressures. Potential rewards for the dedicated "speleo" are considerable.

All photos herein are by yours truly. Otherwise, most responsibility for the calendar production rests with Trevor Wailes. As with other club publications, he has done an excellent job of composing and printing, at virtually negligible cost. It would have been nice to see these shots in colour, but this is beyond our temporal and financial resources at the present time.

Contributions to possible future calendars are welcomed from other photographers. Reproduction is best assured from a black and white, sized-print, rather than directly from a slide.

Nick Hume

The squeeze through to the new extensions JF341, Junee Ridge.
