

This is a personal Cave Slide Show. Please copy it to folk you can trust.  
Our caves are dolomite 3.5 billion year old Devonian sediment.  
The show takes about 30 seconds to initialise.  
Sorry about the copyright infringement on the last song .It got caught in  
amongst other public domain stuff!!!!!!  
Click on Gauteng\_cavesabf to start. Best on Windows XP with sound  
and good graphics.

**This slide show is not for sale.**

Gauteng is a province of South Africa. The smallest but the most  
productive, one third of our GDP  
Johannesburg is in Gauteng.
