## UNIDENTIFIED

F Half-tone cards with divided back

Two cards, both cards untitled, but identified by former owner as from Warwick. Both show a country-style fair in progress, with a row of tent sideshows, and one of these is labelled 'Witches Cave'.

A single card showing a cave scene with fuzzy hand-lettered title "Sutton's Cave./ Rockville" The official Australian Gazetteer locates Rockville and Suttons Beach at the same location on the coast at Redcliff (A northern suburb of Brisbane). We have been unable to establish whether this is the correct location, nor if the cave still exists.
